Dear Mr Whish-Wilson

**Exemption application – Agnew Gas Pipeline (PL 120)**

Your application for an exemption under Part 23 of the *National Gas Rules*, as applied in Western Australia, for the Agnew Gas Pipeline (PL 120) has been assessed by the Economic Regulation Authority (ERA).

The ERA has decided to grant Category 2 and 3 exemptions for the Agnew Gas Pipeline. The exemptions are valid from 23 July 2024 to 31 December 2029.

Agnew Gas Pipeline is exempt from the obligation to publish information under Division 2 of Part 23 of the *National Gas Rules (WA)*.

The exemptions may be varied or revoked at any time, in accordance with provisions in the *National Gas Rules (WA)*.

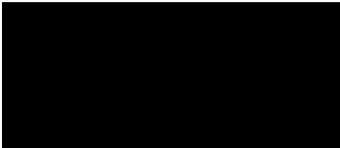

APA Operations Pty Limited must still comply with all other provisions in the *National Gas Rules (WA)* not covered by these exemptions.

As required under Rule 585(8) of the *National Gas Rules (WA)*, please notify the ERA without delay if circumstances change such that the pipeline no longer qualifies for the exemption granted.

The ERA is required to establish, publish and maintain a register of exemptions. Your application will be published on the ERA's [website](#).

Please contact Tyson Self on 08 6557 7900 if you have any questions on this matter.

Yours sincerely

Jenness Gardner  
**Chief Executive Officer**
